The city authorities have helped wonderfully a bad situation by graveling the street north of Hotel Bryson and in front of Oliver's garage. The work has not yet been completed but will be as soon as the gravel can be secured. That was one of the mud diest streets in the town and one of the most traveled and those using it will be glad for the improvement.

According to closest observers here about 12 o'clock Monday Mr. Ground Hog could not see his shadow because of a cloud that covered the sun just at that time, and according to old beliefs the winter is over and good weather may be expected from this day on. Were it not for the fact that the Mr. G Hog made a similar prediction last year and did not make good on it we might feel more hopeful than we do over Monday's forecast.

TO TONE UP THE SYSTEM

King, N. C.:—"I wish to say that I find Dr. Pierce's Golden Medical Discovery and Favorite Prescription the best tonics on the market."

"My wife says she would have been dead had she not taken Favorite Prescription. One bottle always puts her straight when she gets weak and run-down. I took a bottle of 'Golden Medical Discovery' and the result was a gain of one and one-half pounds in weight. It's fine to tone up the system, better I think than cod-liver oil."—J. WALTER TUTTLE, Route 2.

WOMEN WITH BACKACHE
Chattanooga, Tenn.:—"Dr. Pierce's remedies were a great help to me. I had become all run-down in health due to my having inward weakness. I was nervous and weak and could not eat or sleep. I suffered with backaches and dreadful pains in my head. I was miserable when I began taking Dr. Pierce's Favorite Prescription and also Dr. Pierce's Golden Medical Discovery and from a physical wreck these medicines restored me to health and strength. I could eat and sleep well and was in better health than I had been for a long time previously."—MRS. A. D. COCHRAN, 105 Whiteside St.

BRONCHITIS
Alton Park, Tenn.:—"Dr. Pierce's medicines have been used a great deal in my family with the very best of results. I had a girl that had chronic bronchitis and I never found anything that would give her relief until I began giving her Dr. Pierce's Golden Medical Discovery and it gave her more real help than all other medicines put together. I have taken 'Golden Medical Discovery' for stomach trouble and it was excellent for this ailment; it purifies one's blood and seems to act upon, and build up one's whole system in a good healthy state. 'Golden Medical Discovery' is a splendid family medicine and I take pleasure in recommending it."—MRS. J. A. BEAN, 1500 Highland Ave.

Many farmers with the coming of the few pretty days recently are preparing to sow oats, indications being that there will be a rather larger seeding of this grain than usual if weather conditions permit. The scarcity of corn through the county and the short supply of hay makes the need for a big oat crop the greater. Last year the oat crop was small because of continued rains, and what were planted made a poor crop, thus reducing to almost nothing the oat yield in this county last year.

I have a litter of ten Duroc pigs farrowed January 15, three females, seven males, for sale at \$15 each at weaning time. They will be just right for pig club boys and girls. These are sired by my taxpayer male and out of a 350 pound Defender sow, as good combination as can be found in Duroc breeding. Ready for weaning and delivery to Club members about March 15. W. T. Loggins, Somerville, Tenn. 3-15

Wednesday and Thursday of next week are the days the car will be loaded.

Mrs. Jennie Kelley died at the residence of Mr. Joe Riddick in this city Saturday, January 17, at the ripe age of eighty-four years. She had been in declining health for some time, and her death was not unexpected. Mrs. Kelley's life was that of a consistent Christian lady. She was a woman of many attractions; she was attractive in personal appearance and was of marked intelligence. Being modest and ladylike in her deportment she won the esteem of a wide circle of friends. She was a member of the Methodist church from her early life and beautified the doctrine of Christ. She was kind to the needy and her benevolences were many. In her passing away our community has lost one of its most esteemed citizens. She left a rich inheritance in the form of a good name. Many friends and relatives attended the funeral in Oakwood cemetery Sunday conducted by the pastor, Rev. R. C. Douglass.—States Graphic, Brownsville.
